Yourspace

Your say on the PES manifesto for the 2009 European elections

YourSpace is an open consultation by the Party of European Socialists on priorities and progressive policies for our common manifesto for the European elections in June 2009.

A BIG AMBITION

The PES has a big ambition: for all Europe's socialist, social democratic, labour and democratic progressive parties to go united into the 2009 European elections around a common progressive manifesto. A manifesto that gives voters a clear choice between left and right - between the Party of European Socialists and Europe's assorted conservatives, liberals and extremists; a manifesto that has been shaped through open discussion and debate. Have your say on the four themes of the consultation: New Social Europe, Save our planet, Europe in the world and European democracy and diversity.

HOW WILL THE MANIFESTO BE DRAWN UP?

The consultation runs until June 2008. Then the PES will draw up its manifesto, gathering the biggest and best ideas from the consultation. The PES manifesto will be adopted by the PES Council at the end of 2008.

HOW CAN I TAKE PART?

Take part in the YourSpace on-line consultation <http://manifesto2009.pes.org>.

You will find every opportunity to comment, post, rate and share! Start your blog in your own language and set up meetings in your own city or organization. Post your videos on our YouTube channel.

Get your local party/organization involved in debating the PES manifesto. Find out what your national party is doing to involve its members in the manifesto discussions.
